ELECTION
MAY 18, 2004**

**SAMPLE BALLOT AND
BALLOT DROP SITES
INCLUDED**

Dear Lincoln County Voter:

This is your Lincoln County Voters' Pamphlet.

Through a cooperative effort between the Lincoln County Clerk and the Secretary of State, this county pamphlet is bound into the center of the State Voters' Pamphlet.

This pamphlet is provided to give you, the voter, additional information on candidates and measures. You will not vote on every office or measure in this pamphlet. Your ballot will contain only those issues for which you are eligible to vote—based on where you live and your party affiliation. Each candidate had the opportunity to submit a picture and statement regarding his/her candidacy.

This Primary Election will be held completely by mail. Your ballot will arrive in the mail on or near May 3rd. After voting your ballot, you may drop it in the mail or deposit it at one of our drop sites listed on page 21-11 in this pamphlet. If you have any questions please call our office at (541) 265-4131.

A handwritten signature in black ink, appearing to read "Dana W. Jenkins".

OREGON COAST COMMUNITY COLLEGE

Measure No. 21-96

BALLOT TITLE

21-96 OREGON COAST COMMUNITY COLLEGE GENERAL OBLIGATION BOND AUTHORIZATION

QUESTION: Shall Oregon Coast Community College issue \$23,500,000 of general obligation bonds to finance needed capital projects and improvements?

If bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of section 11b, Article XI of the Oregon Constitution.

SUMMARY: This measure may be passed only at an election with at least a 50 percent voter turnout.

The Bonds will pay for:

- Permanent North County, Central County, and South County Centers with classrooms and other educational facilities for college and other programs.
- Development of educational facilities meeting growing student enrollment, safety, and Americans with Disability Act requirements, and expanding needed educational programs for residents.
- Acquisition of land for new classrooms and other educational facilities.
- Construction of new classrooms and other educational facilities, or acquisition and renovation of existing facilities.
- Specialized space for classes in such fields as aquarium sciences, allied health, computer science, literacy, trades and general classroom subjects as well as needed space for faculty members.

The College currently leases most of its facilities. Using bonds to acquire and build facilities that will be owned by the College will eliminate lease payments from operating costs, allow for training programs needing specialized space, accommodate additional students, allow for the coordination of various programs (e.g. aquarium science) and allow the College to meet accreditation criteria in a safe and accessible environment.

EXPLANATORY STATEMENT

This bond measure provides educational facilities 1) to meet growing student enrollment, 2) to continue and expand needed educational programs for Lincoln County residents, 3) to assist with local economic and workforce development efforts, and 4) to comply with safety and American with Disabilities Act requirements. The College currently rents numerous locations in Lincoln County for classroom space. Bond passage will allow the college to acquire and build college-owned facilities, providing for training programs needing specialized space, accommodating additional students and meeting the accreditation standards of the Northwest Association of Schools and Colleges.

Over the years, many community members, students, and faculty have pointed out how the learning environment at OCCC has been compromised by inaccessible, crowded and/or non-ADA compliant facilities. The Col-

lege has pursued a variety of methods in determining the need for permanent space. Five sources have been particularly valuable: The Educational Needs Assessment and Facilities Master Plan (1998), the Nelson Report (1999), and Student Opinion Surveys (1994, 1996, 1998, 2000, 2002), the CFM Research Poll (2002), and the Central County Campus Architectural Program (2004) have been helpful in quantifying the need for permanent space for Oregon Coast Community College.

Formed by a vote of the people in 1987, Oregon Coast Community College has rented most of its classroom facilities over the past seventeen years. Current rent paid to private and public providers could be invested in permanent facility and facility operations. Acts of the State Legislature have permitted Oregon Coast Community College to own property and incur bonded indebtedness for capital construction.

*The proposed \$23.5 million bond measure provides residents with three community college centers.

*The Central County Campus in the Newport area will house classroom, science lab, computer lab, vocational and trade shops as well as student services, library and other instructional support functions. Oregon State University, Hatfield Marine Science Center, Oregon Coast Aquarium and other local organizations will be involved in the aquarium science program.

*The North County Center in Lincoln City will be built to accommodate more students, have greater accessibility to area high school students and provide specialized vocational training.

*The South County Center in Waldport will have general education space, have greater accessibility to area high school students and provide specialized vocational training.

The annual cost to property taxpayers is estimated to be \$0.34 cents per thousand of assessed value, or \$34.00 per year for a home with an assessed value of \$100,000. The bonds will mature over 21 years from the date of issuance.

If approved, this measure will be the first successful OCCC bond measure for facilities.

Bond amounts are based upon the results of the updated Educational Needs Assessment and Facilities Master plan and current prevailing costs in Lincoln County.

Clerk of the Board, Oregon Coast Community College)*

OREGON COAST COMMUNITY COLLEGE

Measure No. 21-96

ARGUMENT IN FAVOR

Vote YES! for Oregon Coast Community College's campus levy.

The Friends of Oregon Coast Community College urge you to **vote YES! for Oregon Coast Community College** campuses in North, Central, and South Lincoln County.

Our community college has grown dramatically in the past seventeen years, yet it is currently renting crowded spaces. It makes better sense to invest in permanent homes for OCCC, rather than paying over and over to rent inadequate facilities.

The OCCC campus levy will cost 34¢/thousand, or \$34 per year for properties valued at \$100,000.

Why should you vote YES! for our community college?

A YES! vote will support:

- training local workers, helping them get the education and skills they need
- our young people—giving them a less expensive option for college
- development of Lincoln County's economy and job creation
- more course offerings and more programs
- the disabled and elderly by offering better access to college classes

Please vote YES! for Oregon Coast Community College campus space and our county's future.

ARGUMENT IN FAVOR

The decision to ask you to support permanent campus space for Oregon Coast Community College was made after careful consideration. The budget for the three proposed centers—North County, Central County, and South County—is a budget for basic facilities that does not allow for frills. It will fund functional space that will withstand our punishing coastal climate. Should you support this measure, we will do our utmost to ensure the funds are spent wisely.

The proposal will fund needed campus space for today and future needs of Oregon Coast Community College. It will help develop Lincoln County's economy by offering worker training for the clean industries we hope to bring and grow here.

The college's master plan tells us we need considerably more space than we currently have now—something our students, faculty, and staff have been telling us for some time. Currently there are classes for which we have demand, but no place to offer them.

We believe renting space throughout the county at a cost of \$150,000 annually is not the best use of public funds. These funds could be put to better use supporting new classes or programs for Lincoln County residents.

An advisory group of community volunteers met over several months to make a recommendation for space in the central county area. The group concluded that no currently existing building would meet the college's needs. Currently existing and available buildings are not large enough, do not have enough parking for our students, and would cost more to remodel to current building codes than it would to build appropriate space.

We appreciate your consideration of this bond measure, and welcome any questions you may have for us. You may reach us in Newport at 264-9009 or via e-mail at dvr@newportnet.com

Thank you.

LINCOLN COUNTY COMMISSIONER

Position No. 2

KAREN GERTTULA
REPUBLICAN

OCCUPATION:
Retired

OCCUPATIONAL BACKGROUND:
Lincoln County Commissioner, 1999-2002
Executive Director, Lincoln County CASA program, 1989-1998
Substitute Teacher

EDUCATIONAL BACKGROUND:
BA degree, University of Oregon

PRIOR GOVERNMENTAL EXPERIENCE:
Lincoln County Commissioner, 1999-2002
Toledo City Councilor, 1985-1998
Toledo Planning Commissioner, 1981-1984

"I enjoyed serving as your County Commissioner from 1999 through 2002 and am seeking re-election in order to guarantee that citizens countywide receive the fair and honest representation they deserve. As always, my goal will be to assist ALL county residents in finding ways to meet their individual and collective needs."

My previous term accomplishments include:

- Securing almost \$800,000 for 29 economic and community development projects throughout Lincoln County
- Serving on the Oregon Telecommunications Coordinating Council
- Supporting and helping expand Lincoln County's health care sector
- Taking firm stands on tough issues regardless of political consequences

In a 2002 editorial, a local newspaper said of Gerttula, "Pragmatic, she's known as a good manager...Gerttula has a successful record in building infrastructure for coastal residents and would serve the county well for another four years" (Newport News-Times, 10/18/2002).

Farther north, an editorial endorsement of Gerttula at that time stated, "Karen Gerttula, on the other hand, is a constant presence in our neck of the woods. She deftly listens and acts on the needs of Lincoln City area residents...we heartily endorse her..." (The News Guard, 10/30/2002).

Finally, a subsequent editorial recapped Gerttula's first term in office when it wrote, "During her four years as county commissioner, Gerttula proved over and over her commitment to all of Lincoln County through her voting record and her very presence at any and all public and private occasions. Gerttula displayed a particular talent for listening and being in the right place at the right time, and she is a shining example for others who sit at the commissioners' table." (The News Guard, 12/18/2002).

RE-ELECT KAREN GERTTULA in 2004.

PRIOR GOVERNMENTAL EXPERIENCE:

I've been an activist in this county for 14 years, and have led the way in issues conventional politicians feared to touch.

I opposed LCSD surveys asking students to inform on parents by saying if they used illegal drugs or alcohol or possessed constitutionally protected firearms, describe their own sexual activities, and generally abandon their constitutional rights and those of their parents. After years of fighting the surveys, LCSD dropped them.

I urged natural-style salmon hatcheries (along with several tribes and a few others). Instead of killing hatchery fish and closing hatcheries, I urged redesigning hatcheries to mimic natural waterways and produce fish biologists will like. I opposed closing Fall Creek hatchery, which prompted hearings and legislation, and ODFW's program for "natural hatcheries".

I lobbied to get salmon ODFW killed put back in rivers to give protein to other fish.

I urged the state to put up signs warning of danger at Yaquina jetty and similar jetties, to protect people and avoid liability. Near tragedy at Newport's south jetty forced the state to do so.

As County Commissioner I will:

Get downed trees on roadsides to the elderly, needy and infirm for winter heat.

Revisit use of low-maintenance solar powered county road street-lights.

Stop using herbicides to kill growth by county roads and buy a mechanical cutter to provide youth summer jobs.

Put reflecting tape on road guard rails, and glass beebees in white and yellow lines.

Encourage Newport to dredge Big Creek, removing the elodea plant and doubling capacity, saving \$100 million-plus interest for Rocky Creek.

Encourage schools to teach the Constitution.

I'm the one who started Lincoln County School Board Recall and followed it through to the end, over misspent money and privacy issues.

My name is Sar Richards. I was born and raised in Oregon. I am a member of the Confederated Tribes of Siletz Indians and except for military service have lived here my entire life. I graduated from Oregon State University, started a family, and moved to Lincoln City. I am committed to Oregon and its coast. What follows are my views.

Lincoln City needs jobs and growth and has to be made more welcoming to business. Boutique shops are wonderful, my wife works for one, but we need more businesses that can consistently stimulate other sectors of our economy.

Property owners must be allowed more freedom and flexibility to use their property how they so choose. When decisions are made by city leaders on how property can be used they must be consistent and fair.

I have to keep this short and can't get into a great level of detail. However, in the coming weeks I will be coming around talking to Lincoln City residents and hopefully hear your views and further shape my own.

Lastly, I encourage everyone to vote. The democratic process is a part of what makes this country great and we should all try and help craft our futures.

Thank you.

I ask for your vote because I want to continue to serve the citizens of Lincoln City. In the year since I was elected to the council to fill an unexpired term, I have been impressed with and enjoyed working with my fellow councilors, city employees, and for the citizens.

Lincoln City has a number of exciting projects, including the new recreation center, swimming pool upgrades, and the Taft and Ocean Lake redevelopment projects. We have at least as many challenges which will require careful study and judgment on the part of staff, the city council and citizens. I will continue to apply my experience and skills toward furthering the goals of the community.

The uniqueness and quality of life in our community must be preserved. Lincoln City must find ways to serve well its youth, it seniors and everyone in between. Increasingly innovative ideas will be required from the citizens, staff, and the council. I will work to protect and preserve the beauty of our community as a cornerstone of our vital tourism industry, while working to foster new, small, sustainable business.

I've worked hard to earn your trust in me as your city representative, and hope that you will join with me in furthering the goals of this city. I ask for your vote on May 18, 2004.
