### Accepting New Patients and Expanded Hours at Lincoln Community Health Centers

(6.30.15 – Lincoln County)

It's going to be easier than ever to access quality health care through the Lincoln Community Health Centers this summer. Beginning July 1, additional clinic appointments and expanded hours will be offered at clinic locations in Newport and Lincoln City.

Working in partnership with the school district, the clinic will offer access to patients of all ages at the Newport High School Health Center, 322 N.E. Eads Street. The clinic will be open from 8 a.m. to 5 p.m. weekdays.

Expanded hours are now being offered at the Lincoln Community Health Center, 4222 NE Devils Lake Road in Lincoln City. These expanded hours allow greater flexibility for those with busy schedules.

"We have quality doctors and nurse practitioners on our staff who can provide high-quality care for anyone looking for medical care," said Rebecca-McBee Wilson, Lincoln Community Health Center Director. "We know having more locations available to the public and extended hours will help make our great care available to more people."

Carol Hall, RN, Clinic Manager, said, "We've also have friendly, caring staff. We know that dealing with the medical system can be intimidating and confusing for some people, but our staff will help you through every step."

All clinics are currently accepting new patients.

For more information, or to schedule an appointment at any location of the Lincoln Community Health Centers, please call 541-265-4947.
