# REQUIREMENTS FOR ELECTRICAL INSTALLATIONS IN LINCOLN COUNTY

Any one person doing their own electrical installation in Lincoln County is required to read the following information and sign the bottom of this form.

**The following information is the State of Oregon Administrative Rules and Oregon Revised Statutes:**

## ELECTRICAL PERMITS

**918-260-005 (12)** Immediate Family: Immediate family of an owner consists of spouse, domestic partner, father, mother, brother, sister, son, daughter, son-in-law, daughter-in-law, grandson, granddaughter, grandfather, grandmother, stepfather, stepmother, stepson, stepdaughter, brother-in-law or sister-in-law.

## ELECTRICAL STANDARDS DEFINITIONS

**918-260-190 (2)** An electrical permit issued to one person or firm is not transferable and shall not permit any other person or firm to perform any electrical work thereunder.

### **ORS 497-540**

**Exemptions:** Except as otherwise provided in this subsection, no person is required to obtain a license to make an electrical installation on property that is owned by the person or a member of the person's immediate family if the property is not intended for sale, exchange, lease or rent. The following apply to the exemption established in this subsection:

- a) The exemption established for a person under this subsection does not exempt the work performed by the person from having to comply with the requirements for such work under ORS Chapter 455 or this chapter and rules adopted thereunder.
- b) If the property is a building used as a residence and is for rent, lease, sale or exchange, this subsection establishes an exemption for work on, alterations to or replacement for parts of electrical installations as necessary for maintenance of the existing electrical installations on that property, but does not exempt new electrical installations or substantial alterations to existing electrical installations on that property.
