SPECIAL STANDARDS

Please initial in the space provided that you understand and will comply with the special standards outlined below:

- _____ All state requirements will be met and maintained, including but not limited to licensing and state locational requirements.
- _____ All applicable building and fire codes will be met and maintained for any structures used for processing of marijuana.
- _____ Other standards and conditions applicable under Chapter 1 of Lincoln County Code, or otherwise under state or local laws or rules, including but not limited to setbacks, lot coverage, parking, special standards and signage apply to these uses in the same manner as any other use in the underlying zone.
- _____ In Planned Industrial I-P, Agricultural Conservation A-C and Timber Conservation T-C zoned properties, production and processing facilities may be co-located with conditional use approval.
- _____ The RMP will utilize an air filtration and ventilation system that, to the greatest extent feasible, confines all odors associated with the RMP to the premises. For the purposes of this provision, the standard for judging "objectionable odors" shall be that of an average, reasonable person with ordinary sensibilities after taking into consideration the character of the neighborhood in which the odor is made and the odor is detected.
- _____ The RMP will be located at a distance of 1000 feet or more from any property containing a pre-school or pre-kindergarten, head start program, community learning center, or certified child care facility; any public park; and any other registered RMP, as measured from property boundary to property boundary.
- _____ An RMP must be located at a distance of 250 feet or more from any residence not on the subject property, as measured from the nearest corner of the accessory structure to the closest portion of any adjacent residence.

- _____ All processing of marijuana must take place indoors in a detached accessory building.
- _____ An indoor RMP shall not exceed 1,500 square feet or the allowable square footage of an accessory use within the zone, whichever is smaller, in an A-C, T-C or I-P zone.
- _____ All processing of marijuana must take place indoors in a detached accessory building.
- _____ Processing shall be limited to dry, water or CO-2 processes on properties zoned A-C or T-C. Any process involving butane or other flammable materials is prohibited in these zones.
- _____ A change in use (including rezoning) of a neighboring property to a use identified in this Section after the RMP has been established shall not result in the RMP being in violation of this Section.
- _____ ~~All employees and volunteers of the RMRO must submit to a criminal background check by Lincoln County or its designees pursuant. It is a violation of these standards to employ or allow a volunteer in the RMRO operation if the employee or volunteer has been convicted of the manufacture or delivery of a controlled substance in Schedule I or Schedule II within five years of the date of the background check, or if the employee or volunteer has been convicted more than once at any time, or if the employee or volunteer has been convicted of any felony involving children or crime prohibited within 1000 feet of a school.~~ *No longer required as part of County processing.*

SUBMITTALS

Please submit the following documentation along with this authorization form:

- Plot plan drawn to scale showing the location of all existing and proposed structures, required setbacks to property lines, and any other information required by the Department of Planning and Development to determine compliance with special standards outlined above.
- Floor plan of the proposed RMP showing the amount of square footage to be dedicated to growing marijuana.
- ~~Criminal background check by Department of State Police or other authorized agency for all employees and volunteers.~~ *No longer required.*

I HAVE CAREFULLY EXAMINED THE COMPLETED APPLICATION, and do hereby certify that all information herein is true and correct and I further certify that any and all work performed shall be done in accordance with the Ordinances of Lincoln County and the Laws of the State of Oregon pertaining to the work described herein, and that NO CHANGE OF USE will be made of any structure without first obtaining the proper permit(s) from the Building Division.
