FLOODPLAIN DEVELOPMENT PERMIT APPLICATION

APPENDIX C

BENCHMARK SURVEY FORM

A Floodplain Development Permit may require that an elevation benchmark be set on your property by a registered professional engineer or land surveyor licenses in the State of Oregon. This requirement will be communicated to you by Lincoln County Planning and Development Staff. This form can be used to certify the location and elevation of the benchmark set on your property. Please have a registered professional engineer or a licensed surveyor (in Oregon) complete this form or provide the information below with their signature and licensed stamp seal.

I hereby certify that I have set a benchmark on the property identified as:
(Township, Range, Section, Tax Lot. Or, Subdivision, Block)

Horizontal line separator

This benchmark can be identified by:
(Please describe the benchmark and location. Note attachments such as pictures or diagrams.)
