Comments	<p>I want to correct and apologize for a previous letter I sent, it was very easy to misinterpret . What I meant to say was, there is a website out there that is very close to 15.neighborhoods.com. It is www.15-neighborhoods.com. NOTICE THE DASH! It is full of misinformation about Measure 21-203. This site states"Measure 21-203 will BAN Short terms rentals in Lincoln County". We know this is untrue. It also says the measure will phase out STRS and cripple tourism. Measure 21-203 will phase out some STRS over 5 years,. The phase out will take place in neighborhoods, not tourist zones. It will never cripple tourism, so the tourist dollars will keep rolling in with the other short term rental homes, hotels, and motels winning. There will still be more than enough jobs for the rental company employees. I had to laugh at the comment on the erroneous website, "The ban on STRS is promoted by wealthy out of state homeowners". The exact opposite is true, we are local, full time residents of Lincoln County. On the other hand, the PRO STR group is funded by local rental companies and out of area donors. If we can return some of the phased out STRs to local families as monthly rentals or to full time owners, that is a WIN for Lincoln County.</p>
Meeting Date	10/14/21
Subject	STRS

Comments	1. Set a quiet time curfew from 9pm - 8am 2. Limit the number of guest to a house. no more than 2 to a room plus 2 more people. For example: a 3 bedroom can host 8 people. 3. For the homes that host more than 12 people in a house. Put a cap on being able to host max number of people in a year. For example, 16 max house, they may host up to 16 people certain amount of days out of a year. 60 days must be 10 or less 4. STR homes with excessive parties, complaints and police reports are given warnings and their license goes on suspension.
