Inmate Visitation from Home

Friends and family members now have the ability to visit inmates held at the Lincoln County Jail from the comforts of home. Using the latest technology, TurnKey Corrections makes visiting your friend or family member more accessible than they have ever been before. Go to www.inmatecanteen.com to learn how to get started.

How to Start Visiting from Home:

- Go to our website, www.inmatecanteen.com.
- Register.
- Test your computer and camera to ensure you have the latest updates necessary to visit from home. If updates are needed, our system will guide you through how to download these features in a safe and fast manner.
- Don't have a camera on your computer? No problem. Go to www.inmatecanteen.com, register and click "Purchase Computer Camera" and we will ship you a quality camera with easy to follow instructions to install it on your computer.
- Once registered and tested, locate your friend or family member, deposit funds, and click "Start Visit".
- No more trips back and forth to the jail, waiting for inmates to be moved, etc. A few clicks and you are now connected to your loved one.

Be advised all visits are subject to recording and review at all times. Inappropriate behavior will result in visits being terminated with no refund issued plus off-site visit privileges being suspended and/or revoked.
