Frank Sherkow	Po Box 419 Yachats, OR 97498	(H) 541.547.3143 fsherkow@swlcwpud.org

STATE MEASURES

Measure 115 – Amends Constitution: Impeachment of Elected State Executives.

Result of a “Yes” Vote: “Yes” supports this constitution amendment to allow the Oregon State Legislature to impeach and remove elected state executives, including the governor, secretary of state, attorney general, treasurer, and commissioner of labor and industries.

Result of a “No” Vote: “No” opposes this constitutional amendment to allow the Oregon State Legislature to impeach and remove elected state executives.

Summary: The amendment would add a new section to the Oregon Constitution to allow the Oregon State Legislature to impeach and remove elected state executives, including the governor, secretary of state, attorney general, treasurer, and commissioner of labor and industries. The constitutional amendment would require a two-thirds vote in the House to impeach an elected state executive, and a two-thirds vote in the Senate to convict and remove the official from office. The House could initiate an impeachment for "malfeasance or corrupt conduct in office, willful neglect of statutory or constitutional duty or other felony or high crime."

Currently, Oregon is the only state where the state legislature does not have the power to impeach the governor.

Measure 116 – Amends Constitution: Independent Public Service Compensation Commission.

Result of a “Yes” Vote: “Yes” supports this constitution amendment to establish the Independent Public Service Compensation Commission to determine certain public officials’ salaries.

Result of a “No” Vote: “No” opposes this constitutional amendment to establish the Independent Public Service Compensation Commission to determine certain public officials’ salaries.

Summary: The amendment would create the Independent Public Service Compensation Commission to set salaries for the governor, secretary of state, state treasurer, attorney general, Bureau of Labor and Industries Commissioner, supreme court judges and other judges governed by the Oregon Judicial Department, district attorneys, state senators, and state representatives. The amendment authorizes the commission to establish different classes of salaries for officials holding positions within those state offices.

The amendment would authorize the Oregon State Legislature to pass laws to establish the number of members and establish classes of individuals ineligible from being a member of the commission. The amendment would prohibit the following from serving on the commission:

- an officer or employee of the state;
- an individual required to register with any state agency as a lobbyist; and
- an immediate family member of an individual described in the first two bullet points.

The amendment would also prohibit the compensation of judges from being diminished during their terms

Measure 117 – Ranked-Choice Voting for Federal and State Elections.

Result of a “Yes” Vote: “Yes” supports implementing ranked-choice voting primary and general elections for federal and state executive offices beginning in 2028.

Result of a “No” Vote: “No” opposes implementing ranked-choice voting primary and general elections for federal and state executive offices, thereby maintaining the candidate with the highest number of votes wins.

Summary: The ballot measure would establish ranked-choice voting (RCV) for elections to federal and state offices, including the president, U.S. senator, U.S. representative, governor, secretary of state, attorney general, state treasurer, and commissioner of labor and industries. Currently, Oregon uses a plurality voting system in which the candidate with the highest number of votes wins. The ballot measure would not affect state legislative elections, which would continue to use plurality voting.

The law would also authorize cities, counties, school districts, other local governments, and local districts to use ranked-choice voting for local elections unless home rule charters preempt it. The law would also require the secretary of state to establish a program to educate voters about ranked-choice voting. The law would take effect on January 1, 2028, if it is approved by voters.

Three local jurisdictions—Benton County, Multnomah County, and Portland—have adopted ranked-choice voting.

Measure 118 – Corporate Tax Revenue Rebate for Residents Initiative.

Result of a “Yes” Vote: “Yes” supports increasing the corporate minimum tax on sales exceeding \$25 million by 3%, removing the minimum tax cap, and distributing increased revenue to Oregon residents who spend more than 200 days in the state.

Result of a “No” Vote: “No” opposes increasing the corporate minimum tax on sales exceeding \$25 million by 3%, removing the minimum tax cap, and distributing increased revenue to Oregon residents who spend more than 200 days in the state.

Summary: Current law requires corporations to pay higher of either tax on taxable income or corporate minimum tax. Except S corporations, minimum tax amount determined by tax bracket based on corporation's Oregon sales; minimum tax capped at \$100,000 for \$100,000,000 or more in sales. Beginning 2025, measure removes minimum tax cap; increases minimum tax on all corporations with Oregon sales exceeding \$25,000,000 by imposing additional tax of 3% for sales above \$25,000,000. Measure directs Department of Revenue to equally distribute increased revenue (minus certain costs) to all individuals residing more than 200 days annually in Oregon. Revenue distribution does not affect individual eligibility for state benefits; measure requires replacement of reduced federal benefits if distribution negatively affects individual's benefits under any need-based program.

Measure 119 – Unionization of Cannabis Workers Initiative.

Result of a "Yes" Vote: "Yes" supports requiring cannabis businesses to submit to the Oregon Liquor and Cannabis Commission a signed labor peace agreement requiring the business to remain neutral when labor organizations communicate with employees about collective bargaining rights with its licensure or renewal application.

Result of a "No" Vote: "No" opposes requiring cannabis businesses to submit to the Oregon Liquor and Cannabis Commission a signed labor peace agreement requiring the business to remain neutral when labor organizations communicate with employees about collective bargaining rights with its licensure or renewal application.

Summary: Current law generally guarantees employees' rights to organize and collectively bargain. Measure requires agreement between cannabis retailers/processors and a labor organization that meets the definition of labor organization under the National Labor Relations Act and whose operations are independent of the retailer/processor. At minimum, agreement must require that retailer/processor will remain neutral when labor organization representatives communicate with employees about collective bargaining rights. Oregon Liquor and Cannabis Commission must require such signed agreement or attestation of such agreement, in addition to existing licensure or certification requirements for cannabis retailers/processors. Failure to have a signed agreement or attestation, or to follow the agreement, may result in penalties, including fines or the denial, suspension, or revocation of retailer's/processor's license or certificate.

LOCAL MEASURES

Measure 21-228 – Lake Point Special Road District – Lake Point Special Road District Local Option Tax Measure

QUESTION: Shall LPSRD establish an additional tax for operations of .72 per \$1000 assessed value for five years beginning 2025-2026?

This measure may cause property taxes to increase more than three percent.

SUMMARY:

If this local option tax is approved by voters, Lake Point Special Road District will use tax revenue to:

- * Update and maintain roads, signs and street lights
- * Provide right of way clearance
- * Fund general operations.

It is estimated the new Local Option Tax will provide additional revenue to Lake Point Special Road District of approximately \$40,000 in 2025-2026, \$41,200 in 2026-2027, \$42,436 in 2027-2028, \$43,709 in 2028-2029, \$45,020 in 2029-2030.

The estimated tax costs for this measure are ESTIMATES ONLY based on the best information available from the County Assessor at the time of estimation.

Measure 21-229 – Seal Rock Rural Fire Protection District – A five year levy for needed Equipment and Disaster preparedness.

QUESTION:

Shall Seal Rock Fire District seek a .25cent 5 year levy, beginning FY 2025-2026, for firefighting equipment and disaster preparedness?

This measure may cause property taxes to increase more than three percent.

SUMMARY:

Revenue for Seal Rock Fire District is insufficient to protect our paid and volunteer firefighters, in the many areas of service provision. The current funding does not allow for the replacement of essential equipment, and personal protective equipment needed, to not only protect the firefighters, but also provide them with the proper tools to mitigate emergencies.

As a district that relies on volunteers, we do not have to spend millions of dollars each year for adequate service provision. It is vital to provide the volunteer responders with the proper Personal Protective Equipment and tools. We are currently unable to do so.

This levy would allow for the pro-active and timely provision of the needed equipment. The financial impact of the five year, .25 cent per thousand is as follows. (Fiscal year 25-26) \$167,181 (FY26-27) \$172,196 (FY 27-28) \$177,362 (FY 28-29) \$182,682 (FY 29-30) \$188,163.

If the property is assessed at \$250,000 the estimated annual cost to the taxpayer \$62.50 the first year. This Measure may cause the property taxes to increase more than three percent.

Measure 21-230 – Central Oregon Coast Fire & Rescue District – Replacement of current Operations Levy with new Operations Levy.

QUESTION:

Shall COCF&R replace a \$1.27/\$1000 levy with a new operational levy for \$1.87/\$1000 assessed value for five years beginning 2025-2026?

This measure may cause property taxes to increase more than three percent.

SUMMARY:

Approval of this measure would establish a new local option tax to replace the current five-year Operations levy tax of \$1.27 per \$1000 assessed value, set to expire in the tax year 2026, with a five-year local option tax for \$1.87 per \$1000 of assessed value.

It is estimated that this measure would raise approximately \$932,425.01 in tax revenues for 2025-2026; \$960,397.76 in tax revenues for 2026-2027; \$989,209.69 in tax revenues for 2027-2028; \$1,018,885.98 in tax revenues for 2028-2029 and \$1,049,452.56 for 2029-2030.

Revenues would be used by the Central Oregon Coast Fire & Rescue District to continue to maintain the staffing of Fire, EMS, and Rescue personnel, maintain volunteer programs, update and replace equipment, and purchase personal protective equipment, hose, and other tools. Additionally, funds would be available to complete capital projects such as building upgrades and vehicle replacements in lieu of an additional tax Bond.

Measure 21-231 – City of Toledo – Adopts New Charter for Toledo City Government

QUESTION:

Shall Toledo adopt a new City Charter that retains current form of government, adds position numbers, and adds stipends?

SUMMARY:

This measure would amend the City Charter. In 2024, the City of Toledo conducted the first comprehensive review and update to Toledo's City Charter since it was adopted in 1993. The City convened a community-led process to review the Charter and develop recommendations. Since March 2024, the 7-person Charter Review Committee studied city charters from around the state, state and local laws, and other resources to propose changes for Toledo's City Charter. The committee ultimately proposed a revised Charter.

Key proposed changes include:

- Creates position numbers for city councilor positions, rather than electing councilors at-large, allowing persons to choose to run against a particular person.
 - Allows stipends for service on city council if show up to public meetings, encouraging additional persons to participate in public service.
 - Simplifies process for adoption of ordinances.
 - Clearly identifies administrative, legislative and quasi-judicial actions of council.
 - Other changes would include deferring to state law on areas such as public meetings and elections.
 - The new charter would keep Toledo's same form of government.
 - This measure would not increase Toledo's tax rate.
-
